Free Three-day Worker Occupational Safety and Health (WOSH) Specialist Training

The Worker Occupational Safety and Health (WOSH) Specialist training program is a statewide effort aimed at reducing job-related injuries and illnesses among California workers. The program was created as part of workers' compensation reform and is administered by California's Commission on Health and Safety and Workers' Compensation (CHSWC) in the Department of Industrial Relations.

At this hands-on, interactive, and stimulating three-day training, you will be introduced to basic occupational health and safety concepts and learn how to take a leadership role in promoting health and safety at your workplace. You will receive a free health and safety course binder, a chance to share ideas and strategies with employees from other workplaces, and a certificate of completion as a WOSH Specialist.

Topics Include:

- Workplace Injury and Illness Prevention
- Identifying and Controlling Hazards
- Safety Rights and Responsibilities
- Workers' Compensation
- Cal/OSHA
- Strategies for Taking Action
- Health and Safety Committees
- Ergonomics
- Roles of a WOSH Specialist

This course is presented by instructors from UC Davis' Western Center for Agricultural Health and Safety & UC Berkeley's Labor Occupational Health Program (LOHP).

Instructors: Teresa Andrews, MS, UC Davis Western Center for Agricultural Health and Safety
Isabel Flores Garcia, UC Davis Western Center for Agricultural Health and Safety

To Register:

- Register online by **Thursday May 2, 2019** at www.lohp.org/woshtep or <http://bit.ly/2dNkIQf>. Participants must attend all three days to receive a certificate of completion.
- To learn more about WOSHTEP, visit www.dir.ca.gov/chswc/woshtep.
- Questions? Contact Isabel Flores Garcia at igflores@ucdavis.edu.
